Bachelor of Business Administration, Business Analytics (STEM) 2024
Hult Business School, Cambridge, MA
- Student Commencement Speaker | 3.93 GPA | Full-tuition scholarship

WORK EXPERIENCE

Consultant, Strategy & Innovation May 2026 - Present

Associate Consultant, Strategy & Innovation May 2025 - May 2026
IXL Center (global growth & innovation consultancy), Cambridge, MA

STRATEGY & GROWTH
- Partnered with strategy executives across S&P Global business units to analyze 200+ market signals, identify four $200-300M ARR focus areas, and advance 3 through business-case validation and pilot activation
- Built Leader Bank's GTM strategy for its new VC/PE/Startups division by benchmarking and interviewing 10+ stakeholders to identify whitespace, define 3 growth platforms, and pilot 3 low-code concepts with 5 clients to validate positioning and drive deposit growth
- Developed the GTM strategy for a global think tank and certification body: defined customer personas and priority entry points via competitive benchmarking and customer interviews, then deployed an automated lead-sourcing pipeline (Claude AI agents via MCP) into the daily sales workflow, tripling call volume and opening 3 new markets globally
- Built the industrial growth strategy for Brazil's national industry system (CNI/IEL), aligning executives on 6 core themes and mapping value chains to pinpoint capability gaps and profit pools, then ran a make/collaborate/buy analysis and benchmarked 20 countries to identify priority partners to close each gap
- Defined 3 growth platforms for OCP Group, leading a 6-day strategy sprint with 40 executives to prioritize opportunities against market potential and internal capabilities; built the operating model and secured 5 external partnerships to activate them

TRANSFORMATION & IMPLEMENTATION
- Redesigned a certification body's partner and student operations, API-integrating siloed databases into one live CRM and cutting processing time 50% across 33+ partners and 18K+ student records under ISO/IEC 17024, plus an executive dashboard now driving real-time CEO decisions
- Rebuilt the idea-to-commercialization pipeline at RNTBCI (Renault-Nissan India): benchmarked 10 innovation management systems and interviewed 20+ executives, then redesigned the stage-gates and scoring criteria with the innovation team, cutting idea attrition 40% and carrying more concepts through to launch
- Mapped a Bunge-owned agribusiness' reconciliation process that tied up cash for up to 2 months, interviewing 29 stakeholders across 5 departments and 5 systems (SAP, ORB, AGRO) then deployed an AI agent into the finance workflow that halved the cycle to 30 days
- Benchmarked global R&D&I evaluation models and assessed CONCYTEC's framework under a World Bank-funded engagement, then standardized one performance-evaluation model adopted across all 10 Peruvian Public Research Institutes

Research & Analytics Intern Sept 2023 - Dec 2023
Harvard University (Harvard Kennedy School of Politics), Cambridge, MA
- Analyzed economic data (BLS, Pew, Census Bureau) using Excel and SQL; co-authored 25+ strategic reports and executive memos for the Public Leadership Lab

Business Analyst Intern May 2022 - Aug 2022
WAGA International Aerospace, Cambridge, MA
- Managed 30+ contracts ($5M each); built contract databases and coordinated parts logistics across 5+ countries

LEADERSHIP EXPERIENCE

Teaching Assistant, Graduate Finance Program Dec 2025 - Present
Hult Business School, Cambridge, MA
- Taught 100+ graduate students across Financial Statements, Corporate Finance, Investment Analysis, and Private Equity, translating valuation frameworks (DCF, NPV, IRR, LBO) into applied client-ready analysis
